Rover Pipeline Update

On November 5, 2019 Triway's community passed a 1% earned income tax to construct a new preK through 12 building. We are humbled by the community's support and look forward to having a building that mirrors our educational vision. On the evening of Friday, November 15, we received information from our Wayne County Auditor, Jarra Underwood, that Rover Pipeline #2 assessments came back higher than Pipeline #1. As we indicated in our pipeline update on October 18th, when the district receives factual information from the Wayne County Auditor, we will share this information.

What's Next for the Triway Local School District?

$5 MILLION

Rover Pipeline #2 will generate $5 million in tax revenue this fiscal year. Subsequent years will be subject to the depreciation schedule.

BOARD OF EDUCATION COMMITMENT

On November 18, the Triway Board of Education voted to non-renew the current .75% Earned Income Tax, allowing it to expire on 12/31/20.

EMERGENCY TAX RENEWAL LEVY IN MARCH 2020

In March 2020, Triway taxpayers will be asked to renew the $1.2 million emergency levy. Due to the increased district valuation from the Rover Pipeline #2 assessment, all other property owners will realize a decrease in millage for the emergency levy.

MARCH 17

EMERGENCY TAX RENEWAL

THE PASSAGE OF THIS **RENEWAL** LEVY IS REQUIRED TO SECURE THE MAXIMUM AMOUNT OF DOLLARS THAT CAN BE COLLECTED FROM THE ROVER PIPELINE.

NOT A NEW TAX
