

Learning Recovery & Extended Learning Plan

District Name:	Triway Local Schools
District Address:	3205 Shreve Road, Wooster, 44691
District Contact:	Joshua Stutz
District IRN:	050591

On February 9, 2021, Governor DeWine asked schools and districts to work with their communities and educational stakeholders to help students continue to advance academically and to make up for any learning that may have been lost or delayed due to the coronavirus pandemic and related disruptions.

“This once-in-a-lifetime pandemic has impacted all of us, so it should be no surprise that it has impacted our children. But we should not panic, nor should we be surprised by the results of assessments,” said Governor DeWine. “Instead, we should do what Ohioans have always done when facing a challenge – stay calm, roll up our sleeves, and work to solve the problem.”

Governor DeWine has requested that schools and districts design plans that address learning recovery and extended learning opportunities to meet the needs of students that could include, but are not limited to, extending the current school year, beginning the new year early, extending the school day or instituting summer programs, tutoring, remote options, and other remedial or supplemental activities.

Plans should address, but are not limited to, the following key components:

- **Impacted Students:** How will schools and districts identify which students have been most impacted by the pandemic in terms of their learning progress (with a focus on the most vulnerable student populations)?
- **Needs Assessment:** How will schools and districts identify the needs of those students?
- **Resources and Budget:** What resources are available to address those needs? Generally, what is the budget for the plan?
- **Approaches:** What approaches can best be deployed to address those needs? (This may include approaches such as ending the school year later than scheduled, beginning the new year early, extending the school day, summer programs, tutoring, and remote options.)
- **Partnerships:** Which local and regional partners (such as Educational Service Centers, Information Technology Centers, libraries, museums, after-school programs, or civic organizations) can schools and districts engage in supporting student needs?
- **Alignment:** How can this plan reinforce and align to other district or school plans? This may include but is not limited to Student Wellness and Success Fund plans, remote learning plans, improvement plans, CCIP-related plans, graduation plans.

Each district or school should consider its unique needs and issues and prepare its plan in a way that responds appropriately and leverages the assets of its unique partners including their Educational Service Center and other regional and community-based partners. Each district or school should consider a wide range of representation and voices from district and community stakeholders in planning for learning recovery and extended learning opportunities.

The governor asked schools and districts to provide their plans to the public and General Assembly no later than April 1.

This template has been designed to assist districts in meeting and exceeding this requirement and in supporting their long-term instructional planning efforts. Please refer to the [Planning Support Document](#) at the end of this template for guiding questions and resources.

Learning Recovery & Extended Learning Plan

Identifying Academic Needs

Impacted Students:	<i>How will schools/districts identify which students have been most impacted by the pandemic in terms of their learning progress (with a focus on the most vulnerable student populations including but not limited to disengaged students)?</i>
Spring 2021	<p>Star Assessments, IEP goals, ACT, and district assessments will be used to determine gaps in student understanding in mathematics and English Language Arts. Student results gathered throughout the year will be compared to similar results from Feb/March 2020.</p> <p>Teacher Based Teams will review power standards in literacy and mathematics. Student results gathered through aforementioned assessments will determine the particular power standard(s) to be retaught.</p>

Approaches to Address Academic Gap Filling

Approaches & Removing/Overcoming Barriers	<i>What approaches will schools/districts use to fill learning needs identified above? What steps will be taken to remove/overcome barriers that may be associated with the “Gap Filling Approaches” (transportation to tutoring, no data to track/identify specific student needs, funding concerns to support approaches, etc.)?</i>
Spring 2021	<p>Resources: Current technology (1:1 Chromebook Initiative)(Existing) Literacy and Math Curriculum (Existing) Transportation (Existing needs coordination)</p> <p>Alignment: Transportation, Food, and professional staff for after school learning Extending the School Day Transportation, educational, and food services will be made available to students. Students will be provided transportation, educational, and food services.</p> <p>Increasing instructional time during the regular school day.</p> <p>Access to technology (hot spots, Chromebook LTE, etc)</p> <p>Analyzing student data to determine student needs, learning gaps, and supportive measures.</p> <p>Periodic assessments will be administered to determine student growth for the duration of the extended learning option.</p>

Learning Recovery & Extended Learning Plan

Approaches to Identify Social & Emotional Needs

Impacted Students:	<i>How will schools/districts identify which students have been most impacted by the pandemic in terms of their social/emotional needs (with a focus on the most vulnerable student populations including but not limited to disengaged students)?</i>
Spring 2021	Resources: Administer an SEL student survey to determine student needs. Guidance and direction provided by the school counseling department to determine student needs. Partnerships: School-based clinical counselors and school-wide student mentorship program. Alignment: Coordinating SEL measures with counseling departments to determine needs.

Approaches to Address Social and Emotional Need

Approaches & Removing/Overcoming Barriers	<i>What approaches will schools/districts use to address social and emotional needs identified above? What steps will be taken to remove/overcome barriers that may be associated with the social/emotional needs" (transportation to support services, no data to track/identify specific student needs, funding concerns to support approaches, etc.)?</i>
Spring 2021	Resources: School-Based Clinical Counselors Student Mentorship Program Partnerships: Encompass Counseling Services O'Huddle Mentorship
