Shreve Elementary Mission Statement

Shreve Elementary will develop and foster influential leaders by promoting communication, collaboration, critical thinking skills, and creativity in a safe and challenging environment.

Mrs Yankello's, Mrs. Fair's, and Miss Schneider's 3rd grade Mission Statement

3rd grade leaders will help others by being friendly and including everyone. Every day we will choose to be trustworthy by showing honesty and making responsible choices.

Habit Leader Spotlight

Congratulations to our December Leaders of the Month!

Brooklyn Fair, Raya Fiesler, Jenna Zimmerly, Cale Oberly, Simon Kitchen, Logan Barnes, and Allison Moody.

Our November and December Leaders of the Month led our 3rd Leadership luncheon.

Our 4th graders are being bucket fillers; writing kind words to their peers.

We are so close to our goal of 30,000 purple tallies!

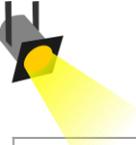

Mrs. McKissick's class is taking care of our monthly calendar posted outside the building.

The announcement leaders have done a great job of sharing important school news each day.

³³You can do what I cannot do. I can do what you cannot do. Together we can do great things³³

- Mother Teresa

Spotlight on Students

Habit 7: Sharpen the Saw

I sharpen the saw by playing with My Little Ponies and helping my mom clean the kitchen.

Andi Musser, Kindergarten

Habit 3: Put First Things First

I like put first things first. I work hard, then play hard. I read with my mommy and daddy, then I play with my brothers.

Addyson Flinner, Grade 1

Habit 2: Begin with the End in Mind

I try to think, what is my goal and how am I going to get there?

Tatum Webb, Grade 2

Habit 7: Sharpen the Saw

I stay balanced by participating in swim class, signing up for Titan Christian Ed, patiently playing with my sister, and challenging myself with hard math problems.

Nevan Christian, Grade 3

Habit 5: Seek First to Understand Then to be Understood

Listen before you speak. Using habit 5 is important because you never know what other people are going to say. Take your time and listen to other people. Don't interrupt.

Simon Kitchen, Grade 4

Habit 3: Put First Things First

I go home every night and do my homework first before I do my chores. I like having my homework done before my chores because it is due the next day, while my chores can be spread out over the week.

Allysa Luhning, Grade 5

Habit 6: Synergize

Together is better
Together is great,
The more you synergize
You'll do great!
Working together
Like a team,
Together is better
Do you know what I mean?
So let's all synergize
And have a plan,
And with third alternatives
We can save the land!

Emma Hudson and Clowie Flinner, Grade 6

Habit 6: Synergize

I plan to help mom clean the kitchen floor more often.

Anna Morris, Mrs. McKissick's class
